Ltd. (**Trident**) owns 781,122,265 common shares or 31.72% of 2GO.

The Tender Offer

Sections 2(c) and (d) of the PSE Memorandum CN No. 2020-0104 (**Amended PSE Voluntary Delisting Rules**) requires that a tender offer be conducted prior to the filing of a petition for voluntary delisting of listed shares and that the tender offer must be supported by a fairness opinion or valuation report, stating the fair value or range of fair values of the listed shares.

Further, Section 2(e) of the Amended PSE Voluntary Delisting Rules requires that, following the tender offer, the persons proposing delisting must have acquired at least 95% of the issued and outstanding capital stock of listed company for delisting (**95% Threshold**), subject to compliance with the other requirements set by the Amended PSE Voluntary Delisting Rules.

On February 28, 2023, the Board of Directors of SMIC approved its conduct of a voluntary tender offer for up to 378,817,279 common shares constituting 15.39% of the issued and outstanding common capital stock of 2GO (**Tender Offer Shares**), subject to an independent third-party fairness opinion to be issued by BPI Capital Corporation (**BPI Capital**). The tender offer is being conducted by SMIC in view of applying for a voluntary delisting from the Main Board of The Philippine Stock Exchange, Inc. (**PSE**), with SMIC and Trident as proponents. Notably, Trident will not be participating in the tender offer but will be a proponent of the voluntary delisting.

On the same date, the Board of Directors of 2GO subsequently approved the Voluntary Delisting of 2GO, subject to the successful completion of the intended tender offer by SM Investments Corporation, compliance with other requirements of the PSE for voluntary delisting, and applicable regulations of the Securities and Exchange Commission.

On March 6, 2023, the Board of Directors of SMIC approved the following:

1. Setting the tender offer price at Php14.64 per common share of 2GO based on the fairness valuation report prepared by BPI Capital Corporation, authorized by the PSE for the purpose;
2. Setting the tender offer period from March 15 to April 28, 2023; and
3. Setting the payment and settlement of the tendered shares from May 2 to 10, 2023 for its tender offer for 2GO common shares.

Tender Offer Period

The tender offer will commence at 9:00 a.m. on March 15, 2023 and end at 3:00 p.m. on April 28, 2023, or such later date as may be announced by SMIC with the approval by the SEC (**Tender Offer Period**), during which period any tendering stockholder of 2GO may offer all or a portion of their shares in 2GO for sale to SMIC in accordance with, and subject to the terms and conditions of the Tender Offer. Should any of the business days during the Tender Offer Period be officially declared a non-working holiday, the Tender Offer Period shall be extended by the number of business days corresponding to those days which are declared non-working holidays, with the approval of the Securities and Exchange Commission (**SEC**).

Stockholders who previously tendered their shares are allowed to withdraw such tendered shares at any time while the Tender Offer Period remains open.

This Tender Offer is subject to the *Terms of the Tender Offer and Application to Tender Shares of 2GO* attached and made integral parts hereof as **Exhibits A and B**, respectively.

BDO Securities Corporation has been appointed as the Tender Offer Agent and Paying Agent for the Tender Offer.

The accepted Tender Offer Shares are intended to be crossed through the PSE on or before May 5, 2023, or such other date as may be announced by SMIC with the approval of the SEC (**Cross Date**). The sale and purchase of the accepted Tender Offer Shares shall be settled no later than May 10, 2023 (**Settlement Date**).

Tender Offer Price

SMIC offers a price of Php 14.64 per common share (**Tender Offer Price**), which is the highest valuation based on the fairness opinion report prepared by BPI Capital and is higher than the volume weighted average price of 2GO listed shares for one (1) year immediately preceding the date of disclosure of the approval by 2GO's Board of Directors of 2GO's delisting from the PSE.

Payments for the Tender Offer Price are payable to 2GO stockholders who have validly tendered or offered for sale their shares to SMIC (**Tendering Stockholders**) by way of check payments which are available for pick-up at the office of the Tender Offer Agent or by check deposit to their designated bank accounts, subject to bank clearing guidelines. The Tender Offer Price does not include customary selling charges (e.g. stock transaction tax, SEC and PSE transaction fees, and other applicable charges).

Common shares of 2GO are currently listed at the Main Board of the PSE under the symbol "2GO". Below is a summary of the highest and lowest closing prices of the common shares of 2GO for each quarterly period for the immediately preceding two-year period:

Period		Closing Price per Common Share (in Php)	
		High	Low
2021	1 st Quarter	10.86	8.05
	2 nd Quarter	9.15	8.00
	3 rd Quarter	8.56	8.01
	4 th Quarter	8.19	7.40
2022	1 st Quarter	7.86	7.17

Fairness Opinion

BPI Capital, an independent financial adviser duly accredited by the PSE, has issued a valuation report and fairness opinion dated March 3, 2023 stating that the Tender Offer Price is fair and is the highest of a range of values of the shares of the Company. A copy of the Fairness Opinion of BPI Capital is here attached and made an integral part of this Report as **Exhibit C**.

In its Fairness Opinion, BPI Capital confirmed that the Tender Offer Price for the Tender Offer Shares is fair from a financial point of view and is reasonable. BPI Capital's Fairness Opinion Report further identified the range of Php 7.00 - Php 14.64 as 2GO's value-per-share, based on the (i) one-year Volume-Weighted Average Price (**VWAP**) from 28 February 2022 to 27 February 2023, pursuant to the Amended PSE Voluntary Delisting Rules, and (ii) highest multiple using Guideline Public Company Method (**GPCM**) Enterprise Value /Last Twelve Months Revenue.

BPI Capital used the VWAP, GPCM, and Similar Transactions Method (**STM**) in valuing 2GO. As detailed in its Report, BPI Capital's computed VWAP for 2GO was Php7.00 per share. On the other hand, based on BPI Capital's GPCM computation based on profit/sales, 2GO's value-per-share ranges from Php9.16 to Php12.64 per share; whereas 2GO's value-per-share ranges from Php8.25 to Php14.64 per share based on BPI Capital's GPCM computation based on Total Enterprise Value/Revenue. STM computation yielded that 2GO's value-per-share ranges from Php3.52 to Php9.85 per share. Based on the foregoing, the highest 2GO share-per-price is Php14.64 per share. Thus, BPI Capital concluded that the Tender Offer Price of Php14.64 per share is fair and reasonable and in accordance with the Amended PSE Voluntary Delisting Rules that requires the tender offer price be the highest valuation based on the fairness opinion report prepared by an independent financial adviser and be higher than the volume weighted average price of 2GO listed shares for one (1) year immediately preceding the date of disclosure of the approval by 2GO's Board of Directors of 2GO's delisting from the PSE.

Sufficiency of Funds of the Bidder

SMIC likewise confirms that it has sufficient resources, including cash on hand, which are available to satisfy full acceptance of the Tender Offer Shares amounting to a maximum aggregate purchase price of Five Billion Five Hundred Forty-Five Million Eight Hundred Eighty Four Thousand Nine Hundred Sixty-Four and 56/100 Philippine Pesos (Php 5,545,884,964.56), as supported by the confirmation provided by BDO Unibank, Inc., here attached and made an integral part hereof as **Exhibit D**.

Item 3. Purpose of the Tender Offer and Plans or Proposals of the Bidder

Purpose of the Tender Offer

This Tender Offer is conducted to comply with the Amended PSE Voluntary Delisting Rules, in view of SMIC and Trident's intention to delist 2GO shares from the Main Board of the PSE. Sections 2(c) and (d) of the Amended PSE Voluntary Delisting Rules requires that a tender offer be conducted prior to the filing of a petition for voluntary delisting of listed shares.

Plans/Proposals of the Bidder

Voluntary Delisting of 2GO

The Tender Offer may result in the delisting of 2GO from the Main Board of the PSE, subject to the compliance with other requirements of the PSE for voluntary delisting, and applicable regulations of the Securities and Exchange Commission (**SEC**).

Reportorial Requirements of 2GO

SRC Rule 17.1(1)(A) provides that (a) public companies, (b) companies formerly public that still have at least 100 shareholders owning 100 shares or more, and (c) companies formerly public that have not notified SEC of the fact that there are less than 100 shareholders owning at least 100 shares and/or the 90-day notice period has not lapsed are still required to file the necessary reports under the SRC.

For 2GO, if the required 95% Threshold is successfully reached and 2GO is successfully delisted from the PSE, 2GO will become either a privately held company or a public company. 2GO will still be considered as a public company if it will still have at least 200 shareholders owning at least 100 shares each. Otherwise, 2GO will become a privately held company.

In addition, even assuming that 2GO is able to reduce the number of its shareholders holding at least 100 shares each below the 200-shareholder threshold, 2GO may nevertheless still be required to comply with the reportorial requirements under the SRC if 2GO has 100 or more shareholders owning at least 100 shares each, in accordance with Section 17.2(c) of the SRC.

SMIC will continue to help develop and expand the shipping and logistics business of 2GO.

Attention: Mr. Frederic C. DyBuncio
President and Chief Executive Officer

Dear Mr. DyBuncio,

We are pleased to present to the Board of Directors of SM Investments Corporation (“SMIC” or the “Bidder”) a fairness opinion and independent valuation report as of 31 December 2022 (the “Valuation Date”) in determining whether the tender offer price is fair from a financial point of view.

We understand that this report is in relation to the Bidder’s intention to conduct a tender offer on 2GO Group, Inc.’s (“2GO” or the “Subject Company”) remaining 378,817,279 common shares of (the “Minority Shares”) held by public shareholders (the “Minority Shareholders”), representing approximately 15.39% of the outstanding common shares (the “Transaction”). In the event of high acceptance rate for the tender offer which causes the public ownership to fall below the required levels, and subject to receipt of relevant corporate and shareholders’ approvals of 2GO, 2GO intends to file for delisting from the Main Board of The Philippine Stock Exchange (“PSE”). In compliance with the PSE Voluntary Delisting Rules, as amended, the Bidder is looking to engage the services of an independent third-party valuer with the relevant accreditations to conduct a valuation study of the Subject Company and issue a fairness opinion on whether the tender offer price is fair from a financial point of view.

Details of the scope and process of our work are set out in the Engagement section of our fairness opinion and valuation report. If you have any question in relation to this report, you may contact us at (+632) 8246 5139.

This report has been commissioned by and is intended for use by SMIC only. Other than the foregoing, our opinion shall not be quoted nor disclosed to any person in any matter without our prior written consent. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than SMIC for our work, our report and other communications, or for any opinions we have formed.

Sincerely,

For and on behalf of BPI Capital Corporation

The Transaction

We understand that 2GO Group, Inc. ("Subject Company" or "2GO") intends to conduct a tender offer on the 2GO shares held by the Minority Shareholders. In the event of high acceptance rate for the tender offer which causes the public ownership to fall below the minimum required, 2GO intends to file for voluntary delisting from the Main Board of PSE. Thus, SMIC has engaged the services of BPI Capital to conduct a valuation study on the Subject Company and issue a fairness opinion. The Valuation Date is 31 December 2022.

The results of the valuation using GPCM and STM yield higher relative to the closing price given the limited liquidity of the stock and effects of general downward market sentiment at the time being caused by macroeconomic factors (interest rates, inflation, foreign exchange). The current closing price is not reflective of the Subject Company's expansionary plans and efficiency initiatives. Further, 2GO's end-to-end solutions and well-integrated supply chain system merit a premium (109% over the 1-year VWAP and 90% over the closing price of PHP 7.72 as of 27 February 2023) from current share price.

Further, an upward adjustment in the 2021 tender offer price of Php 8.50 may be warranted as the Subject Company reverts to profitability as of 31 December 2022.

Valuation Summary

Value of Subject Company as of 31 December 2022

PHP 7.00 – PHP 14.64 / share

We used Volume-Weighted Average Price ("VWAP"), Guideline Public Company Method ("GPCM") and Similar Transactions Method ("STM") as approaches for valuation of the Subject Company given below reasons:

VWAP uses historical trading volume and prices which may already reflect past and forward-looking available information of the Subject Company, this method may provide reliable basis of market value.

GPCM, on the other hand, involves the comparison of the Subject Company with listed companies which are engaged in the same or similar lines of business that are actively traded on a free and open market. While STM provides an indicative value based on actual done deals for companies within similar industry.

Considering various reorganization adjustments resulting in volatilities in the historical financial performance of the Subject Company, coupled with significant exposure to volatile cost inputs (i.e., fuel and foreign exchange) and non-declaration of any dividend by the Subject Company, we deem these approaches as appropriate bases for determining the equity value per share of the Subject Company. The low end and high end of the range were established using the approaches mentioned above.

Valuation Methodologies

Valuation Methodology

We have reviewed other alternative valuation approaches and found VWAP and GPCM as the appropriate valuation methodologies for the transaction given certain considerations. Similar valuation methodologies were also applied during the 2021 tender offer of 2GO and other more recent tender offer exercises.

Methodology	Approach	Rationale
Selected Methodologies		
Guideline Public Company Method (“GPCM”)	Determines how much a buyer would pay for a company based on how similar listed companies are valued in the stock market	GPCM takes into consideration the valuation of companies with similar business models. It is likewise a demonstration of investors' willingness to transact at a certain valuation multiple adjusted for the target's prevailing financials and operations.
Similar Transactions Method (“STM”)	Identifies transactions of target companies with similar characteristics, financial profile, and industry to the company being valued	STM estimates the implied value of a company by analyzing recent acquisition prices paid in comparable transactions. It is likewise a gauge of willingness of a strategic investor to acquire a company at a comparable multiple.
Volume Weighted Average Price (“VWAP”)	Analyzes the value of the company's shares based on its historical trading volume within a specific time period	VWAP is derived using observable executed prices which are driven by various market forces. Wider VWAP horizon can be considered to validate and temper the volatility of prices.
Methodologies not Deemed Appropriate		
Cost Approach – Net Asset Value	Provides an indication of value using the economic principle that a buyer will pay no more for an asset than the cost to obtain an asset of equal utility, whether by purchase or by construction, unless undue time, inconvenience, risk or other factors are involved	The Net Asset Value may not derive the highest and best use of 2GO's individual assets given its nature. Its vessels make up 50% of its PPE and 20% of its Total Assets for 2022. These are subject to periodic depreciation and the expertise in valuing such specialized asset may be limited. Further, no appraisal reports were available at the time of valuation.
Income Approach – Discounted Cash Flows	Discounts projected cash flows and the terminal value by weighted average cost of capital (“WACC”) or cost of equity (“COE”)	Though DCF may aptly capture the target's prospects which may not be captured in its historical financials, variability of assumptions may significantly distort results specially when the following are present: <ol style="list-style-type: none"> 1. Significant organizational changes which will incur large upfront costs (i.e., advisor fees, liquidation / dissolution costs of non-profitable units) 2. Operations which have significant exposure to volatile cost inputs (i.e., fuel and foreign exchange)
Income Approach – Dividend Discount Model	Utilizes the steady income distribution from the Company; more commonly used for dividend-paying stocks	The Dividend Discount Model is not appropriate since 2GO has not declared dividends since 2012.

Control premium*

A control premium² is defined as the additional consideration that an investor would pay over a marketable minority equity value (i.e., current, publicly traded stock prices) in order to own a controlling interest in the common stock of a company. Given that the Subject Company's public shares are non-controlling in nature, the assumed control premium embedded in SSK Inter Logistics Company Limited and Airpak Express (M) Sdn Berhad were adjusted to eliminate the assumed premium.

Based on a study conducted by BV Resources and Factset Mergerstat on Global Mergers and Acquisitions Information, median control premium for companies operating under the Subject Company's businesses at 60.30%.

Indicative Range for Similar Transactions Method

We selected the median to 3rd quartile EV/Revenue multiple as the appropriate range for the Similar Transactions Method as higher weightings were given to the most recent done deal transactions in 2021. Further, given Kerry Express is an affiliate of the Subject Company, we view Kerry as the most reasonable multiple to assume in deriving the implied equity value per share. The transactions are based on done deals operating under the logistics and shipping industry within South-East Asia region starting from 2017 to present.

As opposed to Guideline Public Company Method, companies disclosed in the Similar Transactions Method are mixed of private and public companies, hence, information on the target companies and deal information are limited to publicly disclosed information, and certain information about the target companies including the price are not available. Thus, there is a challenge in accurately classifying the companies between (i) Shipping and (ii) Non-Shipping. As a result, BPI Capital opted to use total revenues to estimate the equity value per share instead. Additionally, there were not enough available implied EV/EBITDA and implied EV/EBIT multiples in the selected transactions above.

2GO Share Performance (Last 3 Years)

Source: Bloomberg as of 27 February 2023

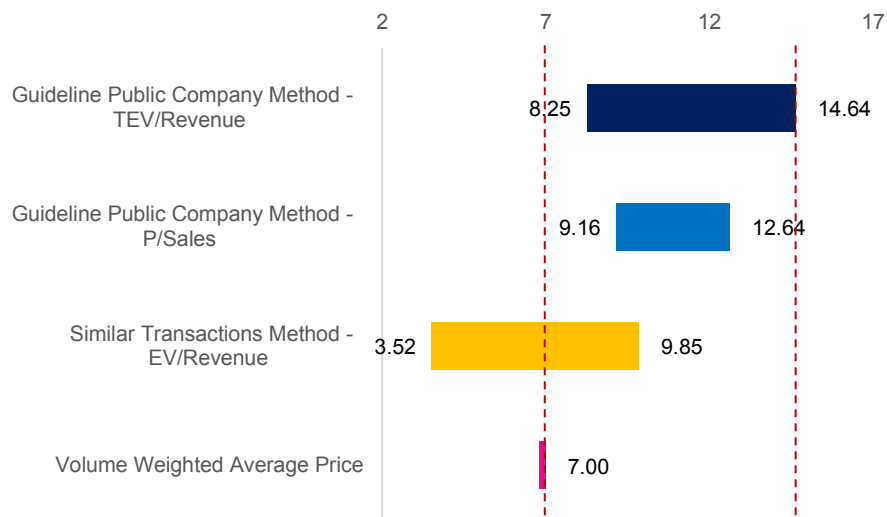

¹Average Daily Trading Value

²Refers to the period from 28 February 2022 to 27 February 2023 which is one year immediately preceding the date of posting of the disclosure of the approval by the Subject Company's Board of Directors on its delisting from the PSE (i.e., 28 February 2023) pursuant to the PSE's Amended Voluntary Delisting Rules.

Summary of Valuation Results

As of 31 December 2022, the Indicative Share Price of the Subject Company ranges from PHP 7.00 – PHP 14.64 based on (i) one-year Volume-Weighted Average Price (“VWAP”) from 28 February 2022 to 27 February 2023, pursuant to PSE Memorandum CN - No. 2020-0104 dated 21 December 2020, and (ii) highest multiple using Guideline Public Company Method (“GPCM”) EV/LTM Revenue.

Equity value per share

Detailed Results of Valuation

The Subject Company’s business segments are primarily segregated into two: (i) Shipping and (ii) Non-Shipping. Consistent with the management’s business plans, Non-Shipping is expected to be two-thirds of the Subject Company’s operations.

To reasonably capture the Subject Company’s revenue mix, a separate group of comparable companies were generated to apply to each revenue segment, considering that each segment significantly differs in terms of operations and financials. This exercise will help ensure that each segment trails with the appropriate industry metrics. Please refer to Slides 20 and 21 for further details.

Considering the volatile profitability of the Subject Company over the past 3 years due to reorganization activities and write-down of Subject Company’s certain assets, coupled with oil prices hike due to geopolitical conflicts, we deem Revenue multiples (i.e., EV/LTM Revenues² and P/LTM Sales²) as the more appropriate valuation multiples to be used.

The increased participation of SMIC, which may potentially provide synergies within the group, and the Subject Company’s shifting focus on more profitable assets warrant the upside of its share price from its one-year VWAP of PHP7.00 per share. This can be seen on the financial performance improvement shown by the FY 2022 balances after three (3) consecutive years of net loss.

Re: Valuation and Fairness Opinion Engagement Letter

Dear Mr. DyBuncio,

We understand that SM Investments Corporation ("SMIC" or the "Bidder") owns a total of 1,302,170,972 common shares of 2GO Group, Inc. ("2GO" or the "Company"), which constitute approximately 52.88% of the total outstanding capital stock of the Company. SMIC intends to conduct a tender offer on the remaining 378,817,279 common shares of 2GO (the "Minority Shares") held by public shareholders (the "Minority Shareholders"), representing approximately 15.39% of the outstanding common shares (the "Transaction"). In the event of high acceptance rate for the tender offer which causes the public ownership to fall below the required levels, and subject to receipt of relevant corporate and shareholders' approvals of 2GO, 2GO intends to file for delisting from the Main Board of The Philippine Stock Exchange ("PSE"). In compliance with the PSE Voluntary Delisting Rules, as amended, the Bidder is looking to engage the services of an independent third party valuer with the relevant accreditations to conduct a valuation study of the Company and issue a fairness opinion on whether the tender offer price is fair from a financial point of view.

In line with the foregoing, BPI Capital Corporation ("BPI Capital") is pleased to present this engagement letter ("Engagement Letter") to act as an independent valuer to provide a fairness opinion and independent valuation report. BPI Capital is a PSE accredited firm for the issuance of fairness opinion and valuation report and a Philippine Securities and Exchange Commission ("SEC") accredited Professional Services Organization to provide valuation services under SEC Memorandum Circular No. 2, Series of 2014.

- Financial advisor to prepare an independent valuation report on an MPSA with respect to Eagle Cement Corporation's acquisition of Solid North Mineral Corp. in 2021;

- Financial advisor to the board of Metro Pacific Investments Corporation to provide a fairness opinion in relation to its transfer of its 56% ownership interest in Global Business Power Corporation to Meralco PowerGen Corporation in 2020;
- Financial advisor to prepare a valuation report for two listed Philippine companies engaged in manufacturing and distributing of cement in 2020;
- Financial advisor to prepare a valuation report involving one of the largest cold storage businesses in the Philippines in 2018;
- Financial advisor to the board of Robinsons Retail Holdings, Inc. with regard to its acquisition of a 100% stake in Rustan Supercenters, Inc. via a share for share swap transaction in 2018; and
- Financial advisor to the independent directors of Energy Development Corporation to provide a fairness opinion in relation to the offer price made by Philippines Renewable Energy Holdings Corporation to acquire EDC shares via a tender offer process in 2017.

The Fee shall be exclusive of:

- a) out-of-pocket expenses ("OPEs") incurred by BPI Capital in connection with this engagement such as but not limited to legal fees, registration, documentation, printing and photocopying, courier, transportation, representation, and communication. BPI Capital shall secure the Bidder's prior approval for any expense which would be in excess of [REDACTED]. Total OPEs that BPI Capital may collect from the Bidder is subject to a cap of [REDACTED].

Annex G : Engagement Letter (2/4)

- b) any costs related to the actual tender offer or any other related transactions; and

3. Duration of Engagement and Termination

In the event of such termination by the Bidder, BPI Capital shall be entitled to reimbursement of costs and expenses incurred up until termination. It is further understood that should BPI Capital terminate this engagement, BPI Capital shall not be entitled to payment of the Fees or reimbursement of costs and expenses incurred after thirty (30) days from the delivery of such written notice of termination.

However, BPI Capital shall not be entitled to receive the Fee if this engagement was terminated by the Bidder due to the gross negligence or willful misconduct of BPI Capital, its directors, officers, and authorized agents, as finally determined by a court of competent jurisdiction, or BPI Capital terminates this engagement.

4. Information and Reliance

In issuing the fairness opinion and independent valuation report, BPI Capital shall rely solely upon the information to be shared by the Bidder in relation to the Transaction and any other information available in the public domain to the extent that a review of such information can be practically conducted.

In this regard, the Bidder agrees to furnish and assist BPI Capital, its legal counsel and advisors/consultants with all financial and other information that may be required to enable BPI Capital to provide the appropriate advice. BPI Capital shall be entitled to rely upon and assume, without assuming any responsibility for independent verification, the accuracy and completeness of all information that is publicly available or has been furnished to it by the Bidder, unless in BPI Capital's judgment such financial and other information is obviously wrong, then BPI Capital shall not use such information. The Bidder further agrees and represents that all information furnished to BPI Capital shall be true, accurate and complete in all material respects at the time it is provided, and upon

discovery by the Bidder that such information provided by the Bidder becomes inaccurate, incomplete or misleading during the term of the engagement, the Bidder shall promptly notify BPI Capital thereof and provide such additional information to make the existing information true, accurate complete in all material aspects.

Accordingly, BPI Capital shall not assume any responsibility nor have any liability therefore, provided that, BPI Capital may independently verify the accuracy and completeness of the information provided by the Company or the Bidder.

The Bidder and BPI Capital agree to comply with, and have adequate measures in place to ensure that its directors, officers, employees, authorized agents and representatives comply at all times with: (a) the provisions and obligations contained in Republic Act No. 10173 or the "Data Privacy Act of the Philippines" and its implementing rules and regulations, and (b) other applicable data privacy laws and regulations, as may be promulgated and/or amended from time to time. By agreeing to execute and enter into this Engagement Letter, the Bidder, the Company and BPI Capital agree that any information exchanged between them may be collected, processed, shared and used but only for purposes relevant to the Transaction. Each of the parties agrees to hold the other free and harmless from any costs or liability arising from its failure to comply with the requirements of the Data Privacy Act of the Philippines.

5. Timetable

BPI Capital will endeavor to carry out our work in accordance with a timetable to be agreed with the Bidder.

6. Limitation of Liability

Exhibit G
Form of Notice of Tender Offer to the Stockholders of 2GO

15 March 2023

TO THE STOCKHOLDERS OF 2GO GROUP, INC. (2GO):

SM Investments Corporation (**SMIC**) filed on March 10, 2023, a Tender Offer Report (SEC Form 19-1, including exhibits and annexes) with the Securities and Exchange Commission (**SEC**) and The Philippine Stock Exchange, Inc. (**PSE**). On the same date, the Tender Offer Report was also hand delivered to 2GO at its principal office.

SMIC is prepared to acquire up to 378,817,279 common shares constituting 15.39% of the issued and outstanding common capital stock of 2GO at a tender offer price of Php14.64 per common share (the **Tender Offer Price**) or an aggregate amount of up to Php 5,545,884,964.56.

SMIC confirms that the Tender Offer Price is a fair price in accordance with and as required under PSE Memorandum No. 2020-0104.

BPI Capital Corporation, a duly licensed investment house authorized to issue Fairness Opinions in transactions of this nature, has confirmed that the Tender Offer Price is fair and reasonable. SMIC likewise confirms that it has sufficient resources, including cash, available to satisfy full acceptance of the Tender Offer shares.

The Tender Offer is conducted for the purpose of the voluntary delisting of 2GO Shares from the PSE Main Board.

Tender Offer Period

The Tender Offer shall commence at 9:00 a.m. on March 15, 2023 and end at 3:00 p.m. on April 28, 2023 or such later date as may be announced by SMIC with the approval of the SEC (the **Tender Offer Period**), during which period any tendering stockholder of 2GO may offer all or a portion of their shares in 2GO for sale to SMIC in accordance with, and subject to the terms and conditions of the Tender Offer. Should any of the business days during the Tender Offer Period be officially declared a non-working holiday, the Tender Offer Period shall be extended by the number of business days corresponding to those days which are declared non-working holidays, with the approval of the SEC. Shareholders who previously tendered their shares are allowed to withdraw such tendered shares at any time while the Tender Offer Period remains open.

BDO Securities Corporation has been appointed as the Tender Offer Agent and Paying Agent for the Tender Offer.

Tender Offer Process

1. *For Stockholders holding 2GO Stock Certificates.* Tendering Stockholders holding 2GO stock certificates who wish to offer all or a portion of their common shares for acceptance and sale to SMIC should first process the lodgment of their shares with the Philippine Depository & Trust Corp. (**PDTC**) by submitting the original stock certificates, together with all other documentary requirements, to the Tender Offer Agent or a stockbroker accredited by the PSE, for authentication by the Stock and Transfer Agent, **within the Tender Offer Period but as much as possible, no later than five (5) trading days before the end of the Tender Offer Period**, to allow lodgment of the Tender Shares with the PDTC. After lodgment of shares with PDTC, stockholders should comply with the procedures set forth in the immediately succeeding paragraph (Non-Certificated or Scripless Shareholders). If the Tendering Stockholder does not have a trading account with a stockbroker accredited by the PSE, it/he/she must open a trading account with the Tender Offer Agent or any stockbroker accredited by the PSE within the Tender Offer Period.
2. *For Non-Certificated or Scripless Stockholders.* Tendering Stockholders whose shares are lodged with the PDTC who wish to offer all or a portion of their common shares for sale to SMIC must instruct their brokers (Participating Brokers) to accomplish and submit, on their behalf, the duly accomplished Application Form,

together with all the applicable requirements, to the Tender Offer Agent at the 33rd Floor, BDO Towers Valero, 8741 Paseo de Roxas Avenue, Salcedo Village, Makati City, and instruct their broker **within the Tender Offer Period but as much as possible, no later than three (3) trading days before the end of the Tender Offer Period**, to electronically transfer their shares to the Tender Offer Agent for receipt by the Tender Offer Agent before the end of the Tender Offer Period at 3:00 p.m. on April 28, 2023, or such later date as may be announced by the SMIC with the approval by the SEC, in order to participate in the tender. Delivery of each required document to the Tender Offer Agent shall be deemed made only upon actual receipt by the Tender Offer Agent. SMIC or the Tender Offer Agent reserves the right to require presentation or submission of any additional documents for the purpose of, among others, enabling SMIC or the Tender Offer Agent to determine from any Tendering Stockholder (or any person acting on its behalf, including any Participating Broker) the validity, eligibility, and acceptability of any common shares in 2GO tendered pursuant to the Tender Offer.

3. *For stockholders with lost stock certificates and/or stock certificates under the former names of 2GO and Negros Navigation Company, Inc.* Please coordinate with the Stock Transfer Agent of 2GO for the requirements and procedures on issuance of new stock certificates, with details below:

Stockholders are discouraged from tendering at the last minute to allow sufficient time to correct and complete any deficiency in their Applications. Tendering stockholders are also urged to indicate their telephone numbers in their respective Applications so the Tender Offer Agent can immediately contact them in case of any deficiency in their Applications.

The accepted Tender Offer shares are intended to be crossed through the PSE not later than May 5, 2023, or such other date as may be announced by SMIC with the approval of the SEC. The sale and purchase of the accepted Tender Offer shares shall be settled not later than May 10, 2023.
